## DETAILED ACTION

### *Election/Restrictions*

1. Upon reconsideration, the restriction requirement issued August 4, 2004 is hereby withdrawn. This Office Action is a Response to Applicant's Amendment filed May 19, 2004.

### *Claim Rejections - 35 USC § 112*

2. Claims 32-39 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claims contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claims are now amended to recite "non-magnetic" particles. The specification as originally filed provides no support for non-magnetic particles. Applicants asserted that support for "non magnetic particles" can be found at page 4, line 28 to page 5, line 8. However, none of the particles listed in this paragraph are identified as "non-magnetic" particles but rather the paragraph consists of a laundry list of various materials. A laundry list of various substances running a vast gamut of glass to metal to magnetic to polymeric materials and of various structures from microencapsulated to partially-coated, yet absent of any discussion regarding to the magnetic or non-magnetic behavior of the substances would not lead one skilled in the art to the non-magnetic particles that are now recited in claims.

3. Cancellation of new matter is required in order to comply with the written description requirement.

### *Conclusion*

4. Applicant's amendment filed May 19, 2004 necessitated the new ground of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
